

CUT-30/40

IGBT
Technology

DC

CE

50 60
Hz

PRODUCT CHARACTERISTICS

- Portable Plasma Cutter.
- New Generation IGBT Inverter Technology.
- Equipped with thermal protection.
- User-friendly control panel.
- Equipped with digital display easy to read the output welding current.
- High performance on cutting of low alloyed steels, stainless steels and aluminium alloys.

PARAMETERS

Item No.	CUT-30	CUT-40
Input voltage(v)	1P 220V	1P 220V
Current range(A)	CUT20-30A	CUT20-40A
Cutting thickness	1mm-10mm	1mm-14mm
NO LOAD voltage	280V	280V
Duty cycle	60%	60%
Functions	CUT	CUT
